Join us for the 9th International Conference on Predictive Modelling in Foods (ICPMF) to:

- Discuss the application of predictive and risk modelling to improve food quality and safety issues and safeguard public health.
- Look at the potential of omics technologies.
- Build relationships between academia and industry.

Hear from 12 invited speakers including:
- Jozsef Baranyi, Institute of Food Research, United Kingdom
- Robert L. Buchanan, University of Maryland, USA
- Marcel Zwietering, Wageningen University, The Netherlands

A Software Fair will demonstrate the latest of predictive microbiology tools and software.

Call for papers

Abstracts are invited for oral and poster presentation at the conference by 23 April 2015 on the following topics:

- Food microbiology
- Food safety/control
- Predictive microbiology
- Modelling
- Microbial risk assessment
- Food spoilage
- Probiotics
- Omics

Visit www.icpmf9.com for full topics list.
